Get to know Gothenburg during the EU Social Summit

Welcome to Gothenburg! A city surrounded by rocky shorelines, deep forests, tranquil lakes and the rolling waves of the sea to the west. There is plenty going on in Gothenburg right now. The city is growing considerably and is preparing to make space for 150 000 new residents by the year 2035.

If you would like to know more about the City of Gothenburg, how it is run, our possibilities and challenges, please visit:
